# Fleet Management

IMPROVE OVERALL EFFICIENCY & PRODUCTIVITY OF FLEETS

The NovaAssure Fleet Management system allows companies to minimize the risks associated with vehicle management through improved efficiency and productivity; resulting in reduced transportation and staff costs while providing the added benefits of 100% compliance with government legislation and much more.

HIGHLIGHTS

REAL-TIME GPS LOCATION
Identify and track the location of vehicles in real-time from anywhere.

ALERTS & REPORTING
Simplify operations with automatic reports for fuel efficiency, driver behavior and more.

GEOFENCE CAPABILITIES
Draw any shape on the map and receive real time alerts if the vehicle enters or exits specific areas.

DRIVER BEHAVIOR
Receive real-time speeding, harsh braking or other alerts, via email or SMS text.

TRAILER TRACKING
Protect trailers and cargo from theft with instant alerts straight to your phone.

IGNITION ON / OFF
Receive instant alerts for unauthorized use, ignition ON / OFF outside of working hours.

TRIP HISTORY & REPORTS
Track all Trip History with address, date, time, location, estimated miles and fuel used.

PREVENTATIVE MAINTENANCE
Monitor conditions and performance of fleet vehicles to reduce the likelihood of failures.
