

Nova + Geotab Intelligence

Nova + Geotab Experience

Geotab and the Nova have over 20 years of combined experience in the fleet and telematics industry. Both are leaders in providing data-intelligence to fleet managers. Geotab and Nova are award winning companies in the categories of Connected Vehicle, Internet of Things and Sustainability.

Data

With Geotab and Nova’s extensive combined experience comes an unprecedented amount of data. The companies continuously harness and analyze high-quality data to bring best-in-class solutions that effect change in driver behavior and improve fleet safety and efficiency.

Value

Integrating Nova and Geotab’s fleet/asset management solutions gives managers full insight into the status of their non-vehicle assets and inventory. The data provides insights on exact status and location of companies valuable tools and equipment directly in the familiar MyGeotab dashboard.

Hardware

Product	Description	Power	Duration	Common Uses
NMS821	Rugged Tracker	Battery	7 Year	Mid Sized Mobile Assets / SVR / Tool Boxes
NMS826	Rugged Tracker	Battery	3 Year	Smaller Mobile Assets / Tools / Remediation / Powersport
NMS828	Rugged Tracker	Battery + Wired	5 Year Minimum	Trailer Tracking / SVR
NMS4950	Solar Powered (Optional Wired)	Trailers	3 Year Minimum	Trailers
NMS825	Personal Tracker With SOS	Battery	7 Months	Field Service / Elder Care / Healthcare
NMS810	Rugged Wired 4 I/O's	Battery + Wired	N/A	Vehicles / SVR
NMS811	Wired 4 I/O's	Wired	6 Month Minimum	Generators / Heavy Equipment

Hardware Information

NMS821/826

7yr/3yr Asset Tracker

Geotab Product ID: 10096/10247
Battery Asset Tracker

Are intentionally designed for long term field deployments (NMS821; 7 years and NMS826; 3 years). Embedded magnets allow straight forward attachment to vehicles, trailers or containers; expediting asset tracking start up and eliminating the need for professional installation.

NMS810

Wired Asset Tracker

Geotab Product ID: 10143

Extremely versatile 4G LTE tracking device. Monitor the location and status of vehicles, heavy machinery and other mobile assets. The NMS810-CM connects multiple sensors for monitoring key conditions. Multiple outputs are utilized for external device or vehicle system control. Additionally, Cat. M1 & NB1 capabilities keep data cost low and offers increased performance indoors.

NMS828

5yr Asset Tracker

Battery + Optional Wired
Asset Tracker

An exceptionally versatile rugged tracking device operates as battery only or with an optional wiring harness to provide connection for power and I/O's to monitor the conditions, locations and status.

NMS811

Rugged Asset Tracker

Geotab Product ID: 10146

Extremely versatile & rugged 4G LTE tracking device. Monitor the location and status of vehicles, heavy machinery and other mobile assets. The NMS811 connects multiple sensors for monitoring key conditions like operating temperature and vehicle speed. Multiple outputs are utilized for external device or vehicle system control.

NMS4950

3yr+ Asset Tracker

Solar / Battery + Optional
Wired Asset Tracker

With sunlight the NMS 4950 can last indefinitely. Without sunlight it lasts up to 3 years.

NMS825

SOS Asset Tracker

Portable + Rechargeable
Battery Asset Tracker

The 4G LTE (CAT-M1 & NB) mini asset tracker. With SOS alert button for real-time panic alert or check in.
